

Enrolling SUD Residential Treatment Programs in MITS

With Medicaid Behavioral Health Redesign, Ohio Medicaid will cover SUD residential treatment using a per diem payment methodology. In order to bill for SUD residential treatment services, provider agencies must be certified by the Ohio Department of Mental Health and Addiction Services (OhioMHAS) to provide SUD residential treatment and must have the new MITS provider specialty 954 added to their Ohio Medicaid provider record in MITS. Below are instructions for existing and new Ohio Medicaid SUD residential treatment programs on how to add the MITS provider specialty and a table on the next page lists the Medicaid covered residential services, payment rates and matching ASAM Levels of Care.

Instructions for SUD Residential Treatment Programs and MITS enrollment:

1. If not already certified by OhioMHAS, the first step is to obtain certification as an SUD residential treatment program from OhioMHAS. Information regarding OhioMHAS SUD treatment program certification can be obtained by calling 614-752-8880 or by visiting the OhioMHAS licensure and certification webpage here: <http://mha.ohio.gov/Default.aspx?tabid=123>.
2. Agencies already certified by OhioMHAS as an SUD residential treatment program may then complete an application for enrollment in Ohio Medicaid or may update their existing MITS provider record. Information on enrolling as an Ohio Medicaid provider can be found at the following website: <http://Medicaid.ohio.gov/providers/EnrollmentandSupport/ProviderEnrollment.aspx>.
3. **Choose your category of SUD Treatment Program by reviewing the chart below:**

Category of SUD Treatment Program	Email Subject Line (include in body of email as well)	Documentation Attached to Email
