Behavioral Health Care Coordination

March 18, 2019

---

**Behavioral Health Care Coordination**

Ohio Medicaid's Behavioral Health Care Coordination program will not begin on July 1, 2019. The Ohio Departments of Medicaid and Mental Health and Addiction Services are still moving forward with care coordination for individuals with behavioral health conditions in an expedient way. We are revisiting our strategy and the program's design within the context of Governor DeWine's priorities, the RecoveryOhio initiative, and our ongoing work on behavioral health redesign.

We look forward to working with stakeholders as we move forward with our behavioral health care coordination efforts, and we will be discussing the program and its timeline throughout the budget process.

Director Maureen Corcoran  
Department of Medicaid

Director Lori Criss  
Department of Mental Health and Addiction Services
