Updated Behavioral Health Provider Resource Documents

BH Provider Manual

The BH Provider Manual has been updated to reflect one addition to an eligible place of service and to update language regarding dependently licensed clinicians. The specific changes in this most current manual version are:

- For H0005, SUD group counseling, place of service 99 (community) has been added as an allowable place of service.
- Prior version indicated dependently licensed practitioners did not have to enroll in Medicaid. That was corrected with this version.

The updated version of the BH Provider Manual, dated November 27, 2019, is now available at <http://bh.medicaid.ohio.gov/manuals>.

BH Provider Billing Resources

- ODM staff have updated the “Supervisor, Rendering, Ordering Fields” spreadsheet to reflect the August 1, 2019 policy change that made physician orders optional for RN nursing services.
- ODM staff have also corrected a typographical error in the “2019 ICD-10 DX Code Groups BH Redesign” spreadsheet in which ICD 10 code F11.10 was listed twice and F11.11 was omitted.

Both of these revised spreadsheets are available at <http://bh.medicaid.ohio.gov/manuals> under the “Billing and IT Resources” section.
