Summary of Site visits to SUD Residential Provider

Milestone 3 requires Ohio to implement a process for reviewing residential SUD treatment providers to assure compliance with program standards.

- Assess baselines for providers
- Adherence to ASAM
- Identify gaps between current state and updated program standards
- Discuss technical assistance needs

- Gather information such as:
  1. Facility Ownership
  2. Numbers and qualifications of staff
  3. Levels of care offered
  4. Bed count
Milestone 3: Use Nationally Recognized SUD Program Standards to set SUD Residential Provider Qualifications

**Timeline**

- **Update policy and regulatory (rule) package for provider standards**
- **SUD 1115 waiver approval**
- **Provider Standards Targeted Workgroups**
- **Conduct onsite visits**

**Milestones**

- **October 2019:** SUD 1115 waiver approval
- **February 2021:** Update policy and regulatory package for provider standards
- **May 2022:** Provider Standards Targeted Workgroups
- **October 2023:** Conduct onsite visits
- **October 2024:**
Utilization Management Targeted Workgroup Debrief

• Finalizing Pilot Uniform PA Form, participating providers and metrics to monitor
• Introduced Prior Authorization FAQ document to start policy conversations
• Team reviewed additional data analysis that focused on:
  » Individuals with subsequent residential stays
  » MAT during residential stays and LOS analysis
  » Post SUD Residential Stay Analysis
• Discussed potential additional data analysis to include:
  » Look further into the population that had 7 or fewer days in treatment
  » Break this analysis down by the different LOCs (3.3, 3.5, and 3.7) and look at continuum of how people move through the LOCs
  » Look at trends over longer periods of time (ex. 5 year period of time)
